SCHOLARSHIP FUND HEAD: Robert E. Lee, of Jackson, executive director of the Robert E. Lee Scholarship Aid Fund which has just been chartered and incorporated by the State of Miss.

New Orleans, La., Sept. 5.—Rev. Harrison D. Dupre, of Fort Adams, Miss., Moderator of the Antioch Missionary Baptist Convention, a member of the Executive Board of the General Missionary Baptist State Convention of Mississippi, a Trustee of Natchez College, Natchez, Miss., and the pastor of five churches in the southwest section of the state, said here last week that he with his family was forced to flee from their home in Fort Adams last Thursday in order to escape a lynch mob.

According to the story told by Rev. Dupre the calm of the Mississippi night was broken at about 11:30 with a loud voice calling for him to come out of his house. The voice which he said gave him just two minutes to come outside he said belonged to a white man, Sonny Watkins, who lives in the neighboring town of Woodville, Miss.

Clennon King Says He Regrets Action While In Miss.

Former Pastor And Alcorn Professor Sees Things Not So Rosy In California

Rev. Clennon King in a letter received in Jackson Monday said, according to a United Press International Report, that racial conditions he found in California made him regret that "I deliberately antagonized Mississippians" by trying to integrate the University of Mississippi.

King moved to Los Angeles from Gulfport, Miss., last year after failing in a try to enroll at the all-white university.

The former professor and minister sent a letter from Los Angeles to editor Hodding Carter of Greenville and mailed a copy of it to United Press International. In it, King said his family moved to California because many Negroes considered it a "new and (Continued on Page Four)

\$25,000 Reward Is Posted For Bombers

Little Rock, Ark., Sept. 9.—A \$25,000 reward was posted Tuesday for the solution of three bombings linked to Little Rock school integration.

Public indignation rose. Gov. Orval E. Faubus called Monday night's bombings "sickening and deplorable."

The Chamber of Commerce underwrote the reward. Earlier, a Little Rock consulting engineer proposed raising a \$100,000 fund to track down the bombers.

One bomb hit the administrative building of the School Board whose (Continued on Page Eight)

Negro Moslems Are Arrested In Milwaukee

St. Louis Negroes Attack Policeman

ST. LOUIS, Mo.—A police officer was roughed up by a crowd of Negroes early Sunday in the latest of a series of such St. Louis incidents. Eleven of the Negroes were arrested with the assistance of Jock, a police dog among reinforcements sent to the scene.

The police board recently warned that any further such incidents would be dealt with severely.

Patrolman James Meegan, a white officer in uniform and on his way home after going off duty, said a Negro man stopped him and began protesting the recent arrest of his son.

A crowd of about 50 Negroes, some cursing the officer and pulling at his uniform, had gathered before police reinforcements arrived in response to a telephoned tip that an officer was in trouble.

Methodist Hit Job Discrimination

Dallas, Tex., Sept. 4 — The Methodist Conference on Human Relations today urged an end to racial discrimination in housing and employment. It also said that churches eventually should be integrated.

These were some of the points approved unanimously after a week-long conference on racial matters by ten agencies of the Methodist Church. The report will be submitted to the General Conference of the church.

In an earlier session, four Bishops told the conference at Southern Methodist University that Methodists could expect desegregation to increase in their churches and schools.

They conceded that the church probably would act more slowly on a controversial proposal to abolish its separate jurisdictional branch for most Negro Methodists and redistribute them among regional divisions for white churches.

The four participants were Bishops Nolan B. Harmon of Charlotte, N. C.; Lloyd C. Wicks of Pittsburgh, William C. Martin of Dallas and Matthew W. Clair Jr., a Negro, serving the St. Louis area.

Army School Segregation New Little Rock Issue

LITTLE ROCK, Ark.—The Fulshear County—Little Rock—Rural School Board is juggling an integration bombshell.

Between now and Tuesday's school opening the board, which administers schools in the Little Rock area, must decide whether to integrate voluntarily a school serving Little Rock Air Force Base personnel or lose up to \$800,000 in federal revenue.

Board officials declined comment on the situation.

If the board refuses to integrate the 10 or 12 children of Negro Airmen with 700 children of white airmen it could face condemnation of the school by the Air Force which would then take it over; (Continued on Page Five)

Senators To Investigate French Teachers Visit To Mixed School

Washington, D. C., Sept. 9.—The Senate Internal Security subcommittee set out Monday to learn why the State Department is subsidizing the visit of 11 school teachers from France to the controversial Highlander Folk School at Monteagle, Tenn.

Well placed committee sources said the subcommittee is attempting to learn whether "somebody in the executive branch of our government was gulled" into picking up the check for the French teachers' visit to the school, which encourages interracial activities.

Moses Hirschtritt, of the International Education Exchange Ser-

vice of the State Department said a group of 22 French teachers was brought to this country on recommendation of the embassy in Paris.

The exchange service provided \$1800 for the teachers visits to schools, teachers colleges and other institutions to be arranged by the Council on Student Travel of New York City, Hirschtritt said.

"The council was responsible for arranging the program," the State Department official said.

Hirschtritt said the visit to Monteagle was arranged by the Experiment in International Living (Continued on Page Five)

Outbreak Of Racial Tension Mars "All Nations Day" Celebration

Three pickets protesting the exclusion of Negroes from privately operated Gwynn Oak Park were set upon by an angry crowd shouting "Get a rope! Knock them over the head! Back to Russia!" They were among 40 protesting

members from the Committee on Racial Equality, a biracial group which has picketed the last five "All Nations Day" observances at the park.

Two, one of them a Negro, were jerryed, struck and kicked at by mob leaders after they refused to leave the grounds and were being dragged toward the exit by Baltimore County police.

Last April, Miss Cynthia Bell of 3011 W. Grand Blvd., was chosen

for the job of taking a plane to Chicago to arrange a "buy" from sources believed to be supplying the Detroit area with heroin.
